*Thank you for participating in the Bluebird Blitz. Your input is vital to our mission and this project that helps us determine the location of bluebirds in Florida.*

**Do you have a nest box that you monitor?** The Florida Bluebird Society has partnered with the National Phenology Network, [usanpn.org](http://usanpn.org), to help compile data on bluebird nests in Florida. Instructions for data collection and the NPN website will be on our web site soon. We encourage you to:

1. Keep track of the activity in your nest boxes, especially the first egg date.
2. Set up an account at [usanpn.org](http://usanpn.org) for reporting
3. At the end of the nesting season submit your data to us via the NPN.
