

Dear Neighbor,

Did you know there are bluebirds right here in our neighborhood?

Maybe you have seen these beautiful birds as they fly through your yard, or stop for a drink from your birdbath. Perhaps you even have a nest box somewhere on your property. I currently have bluebird nest boxes set up on my own property. But, I have noticed that many people in the neighborhood with the perfect spot for a bluebird nest box do not have one. It may be because they didn't realize bluebirds were nesting nearby, or because they thought setting up a nest box would be expensive or time-consuming.

Since bluebirds are territorial, I am limited in the number of nest boxes I can install on my own property. I would love to help more bluebirds than I can accommodate on my property. I have found some of our neighbors are willing to try their hand at hosting bluebirds if they know that help is nearby. If you have an interest in setting up a nest box, but would like help getting started, I would be glad to assist you. I can help you determine what boxes might be suitable, suggest some inexpensive mounting methods, and help you find a good place to mount your nest box. I am also available to answer questions or help you solve possible problems during the nesting season. I am sure you and your family would find that you enjoy being landlords to bluebirds. It is a wonderful way for children and adults to learn about and enjoy nature, while helping a very beautiful bird.

Please call me and let me know if you have any questions, or if you want more information. Let's make this a *Bluebird neighborhood!*

Your neighbor,

Phone#
